Certificate IV in Nursing (Enrolled Nursing)

Health Skills Australia is committed to making a positive difference in the lives of people in care by providing excellence in healthcare training. Established in 2005 and acquired by Navitas Limited in May 2010, we are a Registered Training Organisation (RTO) recognised as a specialist educator in the field of healthcare.

Why study this course?

Nurses are in high demand worldwide. We need new highly trained nurses to care for our future patients and Health Skills Australia can help you enter this rewarding profession.

Who should study this course?

This course is suitable for those looking to enter the nursing profession as an enrolled nurse. After successful completion of this course you may also enrol with the Health Professions Regulations Authority.

Career outcomes

Enrolled Nurses work in conjunction with Registered Nurses to deliver high quality care to the public in a variety of healthcare settings. Graduates may apply for positions in acute, aged, rehabilitation, mental health and community care workplaces.

Further study opportunities

Articulation is possible to Diploma, Advanced Diploma or Degree level programs in Nursing and this is assessed on an individual basis by the educational provider.

Entry requirements

Students must possess adequate literacy and numeracy skills in order to manage the demands of the course. We require you to undergo testing with VETASSESS at a time and date organised by that company.

ph: (03) 9655 4807

fax: (03) 9654 3385

email: nursingtest@vetassess.com.au

Delivery style

Delivery is either part time one day per week or full time 3 days per week of face-to-face classes supported by self-directed, online and workbook learning. A series of 2 week blocks of clinical placements are intermixed between theory and classroom based practical sessions as required.

Duration

The course duration is 15 months full time, or 2 years part time, including 8 weeks of clinical placement.

Workload

- ▶ 18 full time hours per week in class (on-campus)
- ▶ 3 hours per week of self-directed study
- ▶ 4 x 2 weeks of clinical placement (see www.healthskills.com.au for more detail)

Recognition of Prior Learning (RPL)/Recognition of Current Competency (RCC) or Credit Transfer (CT)

RPL, RCC or CT may be granted to students who have completed units of competency that directly match the Health Training Package units. This will be reviewed on an individual basis and you must apply using the appropriate forms and include all the necessary supporting documentation. A fee also applies for this assessment.

Cost

Course fees vary by state and are based on a number of different factors. There are also several government funding programs available that may help with the cost of tuition, or we can assist you with arranging an individual payment plan.

Call us to discuss the most appropriate funding options for you.

Assessments

A variety of methods are used throughout this course including presentations, class discussions, assignments, practical demonstrations, short tests, essays, workbooks and case studies. Each unit is assessed in the classroom / practical lab and in the clinical setting to determine a student is competent against the elements and performance criteria.
